

CALIPATRIA UNIFIED SCHOOL DISTRICT

Migrant Education Program Eligibility Questionnaire

The Migrant Education Program needs your cooperation to determine if your child qualifies for the supplemental services provided by our program.

A child is considered "migrant" if the parent or guardian is a migratory worker in the agricultural, dairy, lumber, or fishing industries and whose family has moved during the past three years. A "qualifying" move can range from moving across school district boundaries or from one state to another for the purpose of finding temporary or seasonal employment. A young adult may also qualify if he or she has moved on his own for the same reasons. The eligibility period is three years from the date of the last move. Eligibility is established through an interview conducted by a Migrant Education recruiter who visits both home and employment locations where migrant workers are employed. The law states that migrant education services are a priority for those students whose education has been interrupted during the current school year and who are failing, or are most at risk of failing to meet state content and performance standards.
